

COOKIES CHARTER

The list of cookies and our partners can be found [here](#).

What is a cookie?

A cookie is a small text file that is placed and stored on your terminal* when you visit a website. A cookie allows its issuer to identify the terminal* on which it is stored for the duration of the validity or the storage of this cookie.

The term “cookie” refers to all technologies allowing to trace the user’s navigation.

* The terminal refers to the material equipment (computer, tablet, smartphone...) you use to consult or view a website, an application or advertising content, etc.

Why are we using cookies?

We and our partners use different types of cookies for the following purposes:

1. Cookies that do not require user’s consent related to the website’s operation

(i) These are operating cookies that are essential for browsing our website (such as the session identifiers) and allow you to use the main features of the website and to secure your connection. They allow you, for example, to access directly to reserved and personal areas of our website, thanks to identifiers or data that you may have previously entrusted to us.

(ii) These are cookies that are not essential for browsing our website but whose sole purpose is to enable or optimise its operation and to give you access to specific features. They also allow you to adapt the presentation of our website to the display preferences of your terminal. These cookies allow you to have a fluid and customised navigation.

2. Audience measurement cookies

These cookies allow us to better understand the use and performance of our website, to establish statistics, traffic volumes and use of various elements of our website (visited pages, navigation path, etc.). This allows us to improve the interest and ergonomics of our services (the most consulted pages or sections, the most read articles, ...).

These cookies are also used to establish statistics on the performance of the services of our website and to personalize the content of our website according to your profile and your navigation.

3. Cookies related to videos

These cookies deposited via video sharing services allow you to view directly on our website the selected multimedia content.

For more information:

QUMU: <https://qumu.com/en/privacy/>

How to refuse/delete cookies

The registration of a cookie in a terminal is essentially subject to the will of the terminal user, which can be expressed and modified at any time and free of charge.

If you have accepted the storage of cookies in your terminal, the cookies integrated into the pages and contents that you have consulted may be stored temporarily in a dedicated space in your terminal.

A cookie management configurator is available to allow you to manage the cookies used and/or deposited on this website. At any time, by clicking on the link “Manage my cookies” from the

drop-down menu “Legal notices” at the bottom right of each page of this website, you will be able to access the configurator and modify your preferences by purpose.

!!!Attention!!! The taking into account of your wishes is based on a cookie. If you delete all the cookies stored on your terminal via your browser, Société Générale and its partners will not be aware of your refusal and you will therefore be asked again to express your choices on cookies.

The complete blocking of your cookies via your browser or ad-blockers (including cookies related to the operation of the website) may lead to malfunctions such as the impossibility to accessing certain pages of our website or your secure client area.

As part of the regulation, you will be asked every 6 months to confirm or change your cookie preferences, **regardless of how long they remain in effect.**

What cookies are used on our website and what are our partners?

The list of cookies contained on our website is provided below. This list is regularly updated:

Cookies related to the website's operation			
Cookie's name	Data controller	Cookie's retention period	Purpose
JSESSIONID	SOCIETE GENERALE	User session	Cookie to ensure the security of the authentication mechanism
CSRF-TOKEN			
i18next	SOCIETE GENERALE	User session	Cookie for user interface customization
sgpulse-iap-arcotafm-01	SOCIETE GENERALE	1 hour	Cookie allowing load balancing of equipment
sgpulse-iap-pulse3-01			
sgpulse-iap-pulseui-01			
sgpulse-iap-security-01			
sgpulse-wc-cet-pulse3-01			
sgpulse-wc-cet-pulseui-01			
sgpulse-wc-cet-security-01			
sgpulse-wc-pcy-arcotafm-01			
sgpulse-wc-cet-boe-01			
sgconnect-l1			
sgconnect-l2	SOCIETE GENERALE	User session	Cookie for authentication to our website

sgconnect-l3	SOCIETE GENERALE	30 days	Cookie for authentication to our website
access_token	SOCIETE GENERALE	User session	Cookie to ensure the security of the authentication mechanism
sgaccess_token			
workgroup_session_id	SOCIETE GENERALE	User session	Cookie to manage the user session
